Gamebird feed

- XTI bird weight was not inferior to control

# Ringneck Pheasant 2022

Birds: Ringneck Pheasant  
(Phasianus colchicus)

## Lighting:

XTI – Ramping, ramp to 17hrs  
Control – Ramping  
(Ramped lighting started at  
8hrs of light/day and increased  
to 13hrs of light/day)

Feed: Hubbard Feeds  
Gamebird feed

- XTI lighting resulted in improved, but delayed, egg production compared to control
